Sub:- Appreciation for Swashodhan Trust's Contributions to Digital Education and Health in ITDA Utnoor.

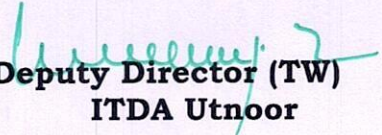

Sir,

I would like to take this opportunity to convey my sincere appreciation for the excellent collaboration between ITDA Utnoor and Swashodhan Trust in the areas of digital education and digital health. Your efforts in establishing ICT labs in (06) schools have significantly enhanced the educational infrastructure in the region, providing tribal students with the tools to embrace digital learning and improve their academic outcomes.

Moreover, the initiatives undertaken in digital health in Tosham village have helped bring quality healthcare services closer to the people, greatly benefitting the tribal communities of ITDA Utnoor. These contributions have had a profound impact on the lives of the underserved, ensuring better access to education and healthcare, both of which are critical to their development.

We deeply appreciate the support received from Swashodhan Trust and are hopeful that this support will continue to grow stronger. Your ongoing assistance is vital in helping us achieve our shared vision of socio-economic development for the tribal communities of ITDA Utnoor. We look forward to working closely with Swashodhan Trust on future initiatives that will empower the tribal population and contribute to sustainable development.

Thank you once again for your dedication and commitment. We anticipate your continued involvement in our journey towards holistic growth and development of the region.

Deputy Director (TW)
ITDA Utnoor
